

The screenshot shows a web browser with the address bar displaying `khanacademy.org/computing/computer-programming/html-css/intro-to-html/v/making-webpages-intro`. The page title is "Welcome to the web!" and it includes a "Google Classroom" link. The left sidebar, outlined in orange, shows the course structure for "Computer programming" under "UNIT 2 Lesson 1: Intro to HTML". The main content area features a large "Welcome to" text and a Khan Academy logo. A code editor window, outlined in pink, is overlaid on the bottom right, showing the following text:

```
1 Lab #1
2 Name: Parsa Rajabi
3 StudentID: 30001234
4 Date: May 15, 2023 -- 4:21pm
```

Green arrows point from the text "Date/time must match" to the clock icon in the browser's address bar and the date/time entry in the code editor.

Date/time
must
match

Show all parts completed
(Blue checkmark, top right)
